

Working Scientifically

I can ask questions and know they can be answered in different ways.

I can watch closely using equipment.

I can do tests.

I can name and group.

I can use my observations and ideas to suggest answers to questions.

I can collect and record data to help answer questions.

Animals Including Humans

I can explain that animals, including humans, have babies which grow into adults.

I can explain the needs of animals, including humans, for survival.

I can explain the importance of exercise, eating healthily and keeping clean.

Materials

I can say why I would choose a material for a particular job.

I can explain how objects made from some materials can be changed.

Plants

I can explain how seeds and bulbs grow into plants.

I can describe how plants need water, light and a suitable temperature to grow and stay healthy.

Living Things & Their Habitats

I can explain the differences between things that are living, dead, and things that have never been alive.

I can explain that most living things live in habitats which suit them and depend on each other.

I can name some plants and animals in their habitats including micro-habitats.

I can explain how animals get their food from plants and other animals using a simple food chain.
