20.03.20

Dear Parents/Carers,

The government announced that all schools in England will close to the majority of students at the end of the day on Friday, 20th March 2020.

As a result of this school closure announcement, RCS would like to continue to deliver consistent learning to all of our pupils. Our focus is to make sure that our students remain engaged in education and that all students continue to work from home where possible.

I appreciate that this news will present a number of challenges to parents; however, we are committed to maintaining, in so far as is reasonably possible, a business as usual approach for our students, who will, from the point of closure, be expected to continue to learn at home under your supervision.

We have set up an online learning platform that all students can access from home.

The website for the platform is:

<https://my.uso.im/>

We have allocated each child with a username and password for using this new online learning platform. To access this you should:

1. Go to the internet and either search for "my.uso" in google or go directly to the website:
<https://my.uso.im/>
2. Click on the red button that says "USO Login" .
3. Once you have done that you will need to enter your username and password which has been given to each child individually. If you have not received your child's log in details please email info@roehampton.wandsworth.sch.uk with "USO details request" in the subject line and stating your child's full name and class details in the message. We will endeavour to reply as soon as possible.

Once you are logged on, you will then see a range of useful websites and allocated homework for your child. We understand that some children may not have access to the internet so in addition to using the online learning resources children may have been given paper copies.

If you have any other questions or queries please email info@roehampton.wandsworth.sch.uk.

We continue to follow all government advice, and will update you regularly, as and when we are informed of any changes.

Please check the school website regularly for updated information. To do so, click on the "Letters to Parents" tab. Updated information will be posted there.

Thank you once again for your support and understanding during this uncertain time.

Best wishes to all families, stay safe and well.

Kindest Regards,

Mr R Woodfin
Headteacher
